Do You Want to Know What You Swallow?

There is a growing sentiment in this country in favor of MEDICINES OF KNOWN COMPOSITION. It is but natural that one should have some interest in the composition of that which he or she is expected to swallow, whether it be food, drink or medicine.

Recognizing this growing disposition on the part of the public, and satisfied that the fullest publicity can only add to the well-earned reputation of his medicines, Dr. R. V. Pierce, of Buffalo, N. Y., has "taken time by the forelock," as it were, and is publishing broadcast a list of all the ingredients entering into his leading medicines, the "Golden Medical Discovery" the popular liver invigorator, stomach tonic, blood purifier and heart regulator; also of his "Favorite Prescription" for weak, over-worked, broken-down, nervous and invalid women.

This bold and out-spoken movement on the part of Dr. Pierce, has, by showing exactly what his well-known medicines are composed of, completely disarmed all harping critics who have heretofore unjustly attacked them. A little pamphlet has been compiled, from the standard medical authorities of all the several schools of practice, showing the strongest endorsements by leading medical writers of the several ingredients which enter into Dr. Pierce's medicines. A copy of this little book is mailed *free* to any one desiring to learn more concerning the valuable, native, medicinal plants which enter into the composition of Dr. Pierce's medicines. Address Dr. Pierce as above.

Dr. Pierce's Pleasant Pellets are tiny, sugar-coated anti-bilious granules. They regulate and invigorate Stomach, Liver and Bowels. Do not beget the "pill habit," but cure constipation. One or two each day for a laxative and regulator, three or four for an active cathartic. Once tried always in favor.

$50,000 GIVEN AWAY. In copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 500,000 copies a few years ago, at $1.50 per copy. Last year we gave away $30,000 worth of these invaluable books. This year we shall give away $50,000 worth of them. Will **you** share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only for book in stiff paper covers, or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere,—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit Mich.

A Teller Commits Suicide.

Frank Kowalski, for five years paying teller of the Milwaukee Avenue State bank in Chicago, which failed last Monday, shot and killed himself last night. Criticism by neighbors and friends, who accused him of a share in the downfall of the bank, is believed to have driven Kowalski to suicide.

The acme of his trouble was reached Thursday night, when a woman he had known for years accosted him on the street and accused him of being responsible for the failure of the bank. Speaking of the incident later in the evening, Kowalski complained bitterly of the suspicions of his friends, and declared that unless his charcter was speedly cleared he would take his own life.

Kowalski's relatives asserted their firm belief that he was innocent of any knowledge as to the mismanagement of the bank by President Stensland. When the bank failed Kowalski had $700 of his own money on deposit in the institution, and his immediate relatives had in the bank nearly $50,000. Kowalski, who was 30 years old, had been with the bank for 13 years, beginning as office boy.

After an all-day search forged notes aggregating more than $500,000 were found, and are now in the possession of the State's Attorney.

It is said that when a final adjustment of the affairs of the bank is made it will be found that President Stensland's alleged defalcations will aggregate nearly $1,000,000.

After eight hours of searching questions, Cashier Hering was taken to a hotel Thursday night in the custody of detectives. The most sensational discovery was the turning up by Hering of a private ledger kept by President Stensland, in which was concealed $191,000 of savings bank deposits. This account was kept a secret; was never included as a lisbility of the bank, and was never so reported to the State auditor.

Another sensational book came to light showing Stensland in a new role—a sport and racetrack man. The book showed that the missing president, in a company with a coterie of friends, was a heavy plunger on the races. It contained memoranda of the campaigns on the turf. One day Stensland and pals bet $75,000 to win $60,000 on a horse called General Bragg. The animal won. There were lots of losings, however, to offset this big winning.

Explosion on Torpedo Boat.

A terrible explosion of gasoline occurred aboard the torpedo boat Worden at Portsmouth, Va., yesterday afternoon, seriously, and perhaps fatally, injuring two workmen and a boy helper, and slightly burning another.

Riveters were at work in the forward anchor chain tank of the Worden, which is undergoining repairs in drydock at the navy yard. Nearby was a 30-gallon gasoline forge. Drippings from this had fallen to the double bottom of the torpedo boat and mingled with the bilge water and paint floating there. When the boy helper dropped a red-hot rivet upon this inflammable material there was a blinding flash, which enveloped the men cooped in the narrow confines of the chain tank, burning them severely, and the next instant the flames communicated to the gasoline forge.

The 30-gallon tank exploded with terrific force, hurling the unfortunate workmen against the side of the tank and covering them with blazing gasoline. The crew of the Worden rushed to their assistance, and in an unconscious condition they were taken out of the tank and the surgeon from the yard dispensary attended them on deck. The men were so badly burned as to be almost unrecognizable. Their clothing were burned from their bodies, and their hands, faces, arms and backs were charred. Up to the present none of the victims has died, but their recovery is despaired of.

Searching for Abducted Child.

For more than a year Charles Lockhart, a wealthy young business man of Richmond, has searched the country for his abducted baby and has spent more thad $30,000 in the search. Mr. Lockhart stopped in Washington last evening for a few hours' rest before leaving for the South to pursue a new clew. Ruth Lockhart, when three years old, was abducted from her parents' home, at 705 west Canal street, Richmond, on July 18, 1905. Her mother died of grief two months afterward. Since that time Mr. Lockhart, who inherited a fortune from his uncle, Charles Lockhart, a Pittsburg multi-millionaire, has devoted his entire time to the search of his child. He offered a reward of $1,000, which he has now raised to $5,000, for her return. He has received thousands of letters from all over the United States offering suggestions and clews. Some of the letters are evidently written by persons of intelligence; others are almost illegible. The father's heart clutches at every hope offered, and every one of these clews has been thoroughly investigated before being abandoned.

A Healing Gospel.

The Rev. J. C. Warren, pastor of Sharon Baptist Church, Belair, Ga., says of Electric Bitters:" "It's a Godsend to mankind. It cured me of lame back, stiff joints, and complete physical collapse. I was so weak it took me half an hour to walk a mile. Two bottles of Electric Bitters have made me so strong I have just walked three miles in 50 minutes and feel like walking three more. It's made a new man of me." Greatest remedy for weakness and all Stomach, Liver and Kidney complaints. Sold under guarantee at E. S. Leadbeater & Sons' drug store. Price only 50c.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING, AUG. 11, 1906.

THE sale of appointments to government positions is a great fraud on the people, for in that way they must get very unworthy servants. The scandal of that kind in Massachusetts would never have been discovered if the republican politicians had delivered the goods. From what the Springfield Republican says, there is a still greater scandal, for "John C. Bestgen, of Quincy, at whose initiative Robert G. Proctor, Senator Lodge's private secretary, was convicted of appropriating $225, declares that he lost $1,100 in his efforts to secure the appointment of United States consul at Solingen, Germany, and that while he does not care at present to tell about the remaining $875, he has surprises in store for certain people later on." These hints of further disclosures should be investigated by the grand jury and probed to the bottom. It is safe to say that the United States district attorney and other federal officials will make no move to expose this corruption unless compelled to by public opinion. As this scandal is in Attorney General Moody's own state, what is he going to do about it?

AS STATED yesterday, the government for the first time in thirteen years has appeared in the market as a purchaser of silver bullion. The last purchase was made under the Sherman law on October 30, 1893, when that act was repealed. There are over 450,000,000 silver dollars in the Treasury vaults, the greater part being held for the redemption of silver certificates, which nobody seems anxious to have redeemed. The request of the Secretary of the Treasury that he be authorized to treat the idle silver as bullion and have it minted into subsidiary coins, of which there is a shortage, was ignored by Congress; hence the necessity of buying silver bullion to meet the demand. The silver purchases of the Treasury are not likely, however, to affect the market. Since 1900 but $33,000,000 of subsidiary coins have been minted, and at this rate the increased quantity of small change needed to supply the wants of our growing population will not be over $6,000,000 a year.

AFTER experimenting with Jamaican and other West Indian colored laborers for a couple of years the Panama Canal Commission has decided that more efficient diggers must be secured if the project is to be carried to completion within measureable approximateness to the estimated time. Chinese coolies to the number of 2,500 are to be contracted for by way of initiating the new labor policy. If Chinese labor is efficient in a climate where white men cannot work at all and black men have not the energy nor the staying powers to perform a moderate diurnal task, the stamina of the Mongolian race must be wonderful The Philadelphia Record asks; "Are we to conclude that this race, being the fittest, will survive in the struggle for existence and inherit the earth? Or do the coolies produce results where other labor fails merely because their lives are held so cheap and the supply is so nearly inexhaustible that they can be used up reckless of the cost?

"OUR Philippine policy" is evidently a failure, at least as far as the material welfare of the people of the islands are concerned. The public debt is mounting up and although every one and everything is taxed to the utmost, the government is so top heavy that it costs more than the Filipinos are able to pay. The people of the United States don't at present seem to care much how those islands are governed or how much the republican policy opresses them, but soon, and not long hence, they will wake up to the fact that a republic cannot tax people without representation without the people of the governing nation participating in the troubles that such a system entails. The constitution must follow the flag to have the flag respected.

ON ACCOUNT of illness Mr. Bourke Cochran says he may not be able to attend the Bryan reception in New York, but adds: "But you may be assured of my cordial sympathy with everything credited to express the regard entertained by all good citizens and especially by all democrats, for the virtues, civic and personal, of this distinguished American." It will be remembered that when Mr. Bryan was the democratic nominee before, Mr. Cockran opposed him. But wonderful changes have taken place in the last few years.

OHIO food inspectors analyzed some samples of potted chicken and found it to be veal. It is a good thing that the inspectors stopped at veal.

MANY of the preachers are away on their vacation, but the devil takes no holiday and the congregations are having a high old time.

The famine in Japan, to relieve which America contributed $320,000, is over, according to Consul-General John Edward Jones, of Dalny. A total of $750,000 was used to assist the half million sufferers. To the United States more than any other country the people attribute their relief. America was the first in the field with her contributions, and they exceeded in amount those of all other foreign countries combined. America's contribution came six weeks before any other. It was known as "The United States fund."

"Too much sand" is an unusual basis of complaint against a young man desiring to enter the service of the United States but it is that which has caused the undoing of a messenger employed in the New York Custom House. This particular young man wanted to be promoted to be a carrier in the customs service but when he under went examination he was found to be lacking in weight and physical ability. So he was rejected. A day or two ago he again presented himself as an applicant and this time showed a remarkable increase in "heftiness." He would probably have got through but for the fact that the lynx-eyed civil service examiners detected a peculiar bagginess about certain parts of his person and investigation developed the fact that the applicant had carefully stuffed himself, at more or less appropriate points, with bags of sand. Now the cruel board has recommended that he be barred from any future examinations for promotion and there is a threat that he may be dismissed from the service altogether. The case is engaging the attention of Assistant Secretary of the Treasury Reynolds.

The army transports will hereafter be used only by those who are connected with the naval and military services or those who are going abroad on official business. Requests for transportation from other sources will be denied, by order of the Secretary of War.

President Samuel Gompers, of the American Federation of Labor, voicing the sentiment of organized labor today condemned the proposed importation of Chinese coolies for work on the Panama canal. He also charged Chairman Shonts of the Canal Commission with bad faith, saying that the canal chairman had promised him that coolies would not be brought into the canal zone. President Gompers would not say whether the action of the Canal Commission would incite the federation to renewed political activity in order to prevent the importation of the coolies.

A bulletin issued today by the Department of Commerce and Labor on the export for July show an abnormal falling off in canned beef. In July of last year there was exported 5,232,797 pounds at a total value of $542,168. For the month just ended the total number of pounds was 1,039,852, and the value $104,719. For the seven months ended in July there was exported in 1905 43,633,159 at a value of $4,241,404, against 28,788,788 pounds in the same period of this year at a value of $2,819,670.

Prof. Henry C. Adams, of the Michigan State University, who will be "expert in charge of statistics and accounts" under the new organization of the Interstate Commerce Commission, has formally accepted this position. His salary will be $10,000.

By the crumbling of the walls of an excavation at Grant circle and Illinois avenue, this morning, James Major, a colored workman, was instantly killed, and the lives of several others were endangered.

The government exhibit at the Jamestown Exposition will cover 70,000 square feet of space. This compares most favorably with the exhibit made at Portland in which 75,000 square feet were utilized. This, of course, does not include the separate exhibit to be made by the life saving department. The government board for the Jamestown Exposition, composed of the chief clerks of the several departments, has had an informal meeting at which tentative plans for the government buildings were discussed and privileges in the preparation of exhibits reported. Nothing definite will be done until after the return of the assistant Secretary of the Treasury on Monday.

Chairman Griggs, of the democratic congressional committee, has sent out 30,000 circulars to as many persons asking them for a contribution of $1 to defray the expenses of the coming congressional campaign.

The new burlesque theatre in Washington, which will be known as the "Gayety," and located on F street, near 9th, will cost about $150,000. It is said to be one of a chain of theatres of the western vaudeville syndicate.

Persia to Have National Assembly,

For the first time in her history Persia is to have a national assembly. This information was conveyed to the Persian Minister in Washington yesterday.

The assembly will be composed of equal parties, namely; princes of the blood, clergy, chief of the reigning dynasty, cadjar, high dignitaries and personages, merchants and representatives of corporations. The assembly will meet at Teheran, and it is provided that all civil and constitutional laws shall originate in the assembly, and after the signature of the Shah will become effective.

The Persian Minister last night expressed his pleasure at the news and said it had come to him as a great surprise. The legation flag instantly was flown to the breeze.

It was pointed out by the Minister that yesterday's action, following within one week of the appointment of the new Grand Vizier, is indicative of that official's progressive ideas and that much good is expected to result from his leadership.

The granting of a constitutional government for Persia was the outcome of the sudden exodus of 1,000 merchants and Mullah priests from Teheran, the capital of Persia, last January, as a protest against the Shah's government.

Lyncher Sentenced.

What is said to be the first instance of the conviction of a lyncher in the history the North Carolina was furnished at Salisbury last night, when George Hall, a white ex-convict of Montgomery county, N. C., who was one of the party that Monday night lynched three negroes in the jail at Salisbury for the murder of Lyerly family, was found guilty of conspiracy in connection with the crime and was sentenced to 15 years in the penitentiary. Judge B. F. Long sentenced Hall to the maximum term provided for by law—15 years at hard labor in the penitentiary.

Hall's counsel has appealed on the ground that Governor Glenn was in Atlantic City when the special term at which Hall was tried was ordered, and that being out of the State's bounds he had no jurisdiction.

News of the Day.

Four deaths from suicide were reported in Chicago yesterday as a result from the intense heat and humidity which have prevailed for several days.

At the conclusion of a hearing in the District of Columbia Supreme Court yesterday Justice Barnard declared the Standard Dairy and Ice Company, the affairs of which have been before the local courts for several weeks, to be bankrupt.

According to a message received at Vienna from Constantinople, the Sultan's indisposition made necessary the cancelling of yesterday's selamlik. It is reported the Sultan must undergo an operation, and it is even declared he already has done so.

At the end of the year 1904 the last for which figures have been returned, 199,773 person were under restraint in the 828 madhouses in the country. No account was taken of the hopelessly insane returned to the insane wards of the county poorhouses throughout the country.

President Roosevelt has decided that Chinese labor shall be given a thorough test on the Panama canal. Contracts calling for 2,500 Chinamen for canal work have been prepared, and advertisements will be issued by the Isthmian Canal Commission in a few days asking for proposals from labor agents.

The naval court martial sitting in Washington in the case of Surgeon H. L. Brown, U. S. N., returned a verdict yesterday afternoon after being out twenty minutes, but the result of their deliberations will not be known until the Judge Advocate General of the Navy and Secretary Bonaparte have gone carefully over the proceedings of the court.

It was announced in Wilmington, Del., yesterday that the Dupont Powder Company will within a few days begin loading a steamer in the Delaware river, off Wilmington, with 45 carloads of powder. The shipment will be consigned to San Francisco. The high rates and exacting rules of railroads for the shipment of explosives caused the Dupont company to charter a steamer and arrange to send the whole quantity by water.

The daughter of General Printz, a girl about 18 years old, registered yesterday morning at the Hotel St. Petersburg, adjoining the palace of the governer general, General Kaulbars, in Odessa. Yesterday evening she inquired for the general's residence and proceeded toward the palace. When but a few yards from the entrance she dropped her reticule, which contained a bomb. The missile exploded but did not injure the girl, who rushed back to her hotel and shot herself dead.

The Spanish government continues to maintain a firm attitude on the church and State question. At the first sitting of the Parliament the government will introduce a bill making the religious orders amenable to the law controlling industrial corporations, and will also introduce a bill providing that members of orders recently expelled from France will be required to become naturalized or leave Spain. It is said that the cabinet is determined to carry out these measures and does not fear papal excommunication.

Passenger train No. 12, north bound, on the Southern Railway, struck an open switch as it was leaving the yards at Spencer, N. C., about 10 o'clock last night. Three Pullman sleepers, which the engine was pulling, turned over, but not a single person was injured. An unusual feature of the accident was the fact that sleepers in the middle of the train were overturned, while the two day coaches in front and two in the rear remained on the track, as did the locomotive. The sleepers were well loaded with passengers and that noboby was hurt seems little short of miraculous. The main line track was badly torn up and the running gear of the sleeping cars damaged.

A Disciple of Crapsey.

Rev. George Clark Cox, who for some years has been the rector of Calvary Episcopal Church, in Cincinnati, has written an open letter to his bishop, Rev. Boyd Vincent, also of Cincinnati, and to three of the representative periodicals of that church in this country, that may result in his trial for heresy.

In his letter, Rev. Mr. Cox says, among other things:

"After much anxious thought and after consultation with my friends as to my proper course of action, I have determined to address you an open letter, setting forth briefly my theological position in view of the recent condemnation of Rev. Dr. Crapsey, in order that you and the whole church may have an opportunity to do what will seem best to you in the case of one who sympathizes fully with Dr. Crapsey. On the Sunday following his trial I preached a sermon in my parish church in which I declared I did not believe in the Virgin birth or in the bodily resurrection of Jesus Christ. I have on many occasions preached sermons in which the doctrine of atonement as it is manifestly set forth in the prayer book was questioned on Scriptural as well as on logical grounds. The doctrine of original sin, as set forth in the baptismal office, I have strenuously denied and tried to disprove. Should a man who is out of harmony with the theological system of the Episcopal Church, which she shares with many Protestant churches, withdraw from her ministry? I do not know. That he should remain and keep silent is not to be considered for a moment. The Christian Church seems to me to have been based upon two great truths—that God was made manifest in man and that the true life of man is not ended by death. These two great truths took the form of a faith that Jesus Christ was incarnated God and that he rose again from the dead in the flesh. Perhaps no other statement of these truths would haze been intelligible to men in that day. But times change, and many to-day accept Christ as Lord of Life, who cannot believe that he was very God; many believe that He lived after the crucifixion, and was manifest to his disciples, who cannot believe that His body was raised from the tomb. Jesus Christ is to me the great world hero. The captain of their salvation to all who will be saved by Him, from sin and soul death."

Today's Telegraphic News

Peaceful Mutinies.

St. Petersburg, August 11.—The appeal of the members of the former Douma to the soldiers not to fire on their brothers, the peasants, has born fruit in the shape of a peaceful mutiny on the part of 2,000 soldiers who have notified their officers that it will be useless for them to give orders to shoot the peasants they have been sent to subdue. What the effect of this declaration from two regiments upon the rest of the army will be can only be conjectured. The authorities are greatly worried, however, over the occurence.

The two mutinous regiments are the Wilmanstrand and Mershank Infantry regiments recently sent into Volegda province, one of the largest provinces of Russia, to put down the uprising of the peasants.

The soldiers summoned their officers to the barracks where a spokesman for the regiments told the superiors bluntly what the soldiers proposed to do.

The officers to whom this frank statement was made on leaving the barracks telegraped the news of what happened, to St. Petersburg. General Glassoff, assistant commander of the troops at Moscow, was ordered to Vologda province to subdue the mutineers. He did not succeed in this mission, however, as the soldiers ordered him to desist in his efforts to make butchers of them. The mutineers continue as masters of the situation in the provinces, as the government has refrained from ordering troops to arrest the rebellious soldiers, fearing the mutineers might be successful if it came to a fight with loyal troops.

Reaction in its most vigorous form will henceforth be the policy of the government. The split between the Czar and all the political groups except the extreme reactionary is now definite and the latter will have full sway to rule the country as suits themselves.

The break between the Emperor and the more moderate reformers, who recently were invited by Premier Stolypin to enter the cabinet, is fully confirmed in a letter printed today in the Novoe Vremya from Count Heyden, leader of the ultra conservatives.

Helsingfors, Finland, Aug. 11.—The Senate is now considering the question of concessions to be made to the people to allay the unrest which was plainly shown to exist throughout the country, during the recent mutiny at Sveavborg fortress and the following riots in this city. The manifestation of sympathy with the Russian people and of a desire for greater liberty for Finland was too plain to be ignored, and if the people can be calmed by the granting of concessions it is possible that steps will be taken to pacify them in this manner. The withdrawal of the red guards throughout the country has already been decided upon as one act which will quiet the people. The Senate is now considering a suggestion for calling a general election immediately so that a new House of Representatives may meet in December, instead of in the spring, as is now contemplated.

St. Petersburg, Aug. 11.—It is reported that Duke Nicholas Nicholaivitch narrowly escaped assassination at the hands of the Imperial Guards in the Guard Camp at Krasneye-Selo. The Grand Duke was personally reviewing the maneuvering and putting the troops through blank firing exercises when he was suddenly startled by the hiss of bullets about his head. Neither himself nor horse was touched. The command to cease firing was immediately given, and the soldiers of the regiment from which the bullets came were marched back to their quarters. An investigation was begun in the hope of ascertaining from the barrels of the rifles which of the soldiers fired the ball cartridges. The bold attempt on the Grand Duke's life caused an immediate change in the plans of the emperor, who had arranged to go to Krasneye-Selo during the day to spend a week with the soldiers of his imperial guards.

Dummy Board of Directors

Chicago, Aug. 11.—Theories that Paul O Stensland was the sole alleged forger of the $1,000,000 worth of crooked notes in the looted Milwaukee Avenue State Bank, were smashed last night. At least three other men in addition to the fugitive president are thought to have been engaged in the production of the alleged bogus signatures

Cashier Hering, the authorities now believe, had much to do with the issuance of $500,000 worth of crooked paper. This morning when the night's inquisition of Hering came to an end, moral certainty had taken the place of suspicion in the minds of the officers of the law. They say five years ago Hering fell into Stensland's grip.

The police are on another trail. It followed an Italian who worked in the bank several years ago. He was an artist and a wizard with the pen. The cashier said of him: "Without a moment's besitation, and without copy before him, he would write my signature so I could not tell it from my own work."

From the admissions cited it appears conclusively that the Board of Directors throughout its existence was a board of "dummies."

According to present indications the depositors will not receive over 40 cents on the dollar.

Another startling revelation was the finding of dozens of checks for various amounts which the examiners found signed not with names but with numbers. Thousands of dollars were found to have been paid out with nothing to indicate who was to be held for payment but a set of numbers.

Angry men and women depositors created a scene this morning at the residence of Frank K Kowlenski, receiving teller, who committed suicide last night, because his neighbors and friends accused him of concealing the real condition of the bank. An inquest was being conducted on Kowlenski's remains when a large crowd gathered before the house. A Polish man and woman forced their way into the residence and into the room where the body lay. In vituperative language, they denounced the dead man as they stood beside his body and shook their fists at it. The police forcibly ejected them from the house and a riot call was turned in. The outside crowd, worked to a frenzy, hooted and yelled denunciation upon the bank official's while some dashed up to the door of the house and tore from the knob the crape and a wreath of flowers, tearing the emblems of death into tatters, and trampling them under foot. The excitement grew to the proportions of a riot when a squad of police appeared and with their clubs put to flight all the participants while the deputy coroner proceeded with his duties. The bank examiner says that he has found no evidence incriminating Kowlenski.

The North Carolina Lynchers.

Raleigh, N. C., Aug. 11.—Governor Glenn has returned here and expresses the opinion that the Supreme Court will sustain the legality of the action of the special term that tried and convicted Geo. Hall, accused of lynching, at Salisbury. Hall will probably be brought here and placed in the penitentiary to prevent a mob of his friends from attempting to liberate him. Two more arrests were made in connection with the lynching last night When Henry Goodman and John Caubler were taken into custody. They were released on bail.

The conviction of Hall, at Salisbury of the crime of lynching is the first time a man has been convicted for this crime in North Carolina since the act specially covering such cases was passed in 1893. Hall, who was proved to be the man who battered in the jail door, was given maximum sentence of seventeen years.

To Meet the Longworths.

Oyster Bay, N. Y., Aug 11.—The government yacht Sylph left its moorings under the shadow of Sagamore Hill this morning, to steam to New York for the purpose of bringing back Mr. and Mrs. Nicholas Longworth who are expected to arrive in New York harbor aboard the St. Paul at 2 p. m. The Sylph will meet the St. Paul at Quarantine and if the liner is on schedule time, the President's daughter and her husband will arrive home by 4 p. m.

New York, Aug. 11.—The American line steamer St. Paul, on board which are Congressman Nicholas Longworth and his wife, was reported by wireless telegraph as being ten miles west of Nantucket at four o'clock this morning. There is a dense fog, but if it clears, the steamer is due at Sandy Hook about 1:30 o'clock this afternoon.

Will Insist Upon Publicity.

London, Aug. 11.—Publicity is the best weapon to prevent frauds and guard the interests of British policyholders. This was the decision of the select parliamentary committee appointed to investigate the operations of foreign insurance companies doing business in Britain after the scandals in the life insurance companies developed.

The best means of guarding the interests of British policy holders, the committee thinks, is to insist upon complete publicity in connection with the company's accounts. It is, therefore, recommended that all foreign companies be required to furnish the board of trade with complete statement of their revenue account balance sheets and the valuation of all property and securities as well as the figures showing the expenses of management.

Skull Fractured by Burglars.

Camden, N. J., Aug. 11.—While protecting his home early this morning from the depredations of a burly negro, who had entered the house, and stolen $180, Graconi Mogia, aged 40 years, a farmer living near Westville, was brutally assaulted by the desperate robber, who was caught in the act, and Mogia is now in the Cooper Hospital, with small chances of recovery. The negro made his escape and is still at large. His identity is unknown. The murderous attack was made about 4 o'clock this morning Friends of the farmer brought him to this city and took him to the Cooper Hospital. A cursory examination showed that the base of the man's skull was fractured. Posses are searching for the negro.

Duchess Marlborough in New York.

New York, Aug. 11.—The Duchess of Malborough, former Surgeon-General Terry and Baron L De Vay Kiskle were passengers on board of the Hamburg-American liner Kaiserin Augusta Victoria which arrived here today from Hamburg, Southampton, and Cherbourg. This is the first steamer of the line to arrive here since the company substituted Southampton for Dover as a port of call because of the accident to the Deutschland. Thomas Faunt, of Philadelphia, the corn products company, first cabin passenger, died during the voyage of liver trouble. He was 60 years old. The body was brought to port.

Canal Outlook.

New York, Aug. 11.—T. B. Shonts, chairman, and Thomas B. Bishp, secretary of the Panama Canal Commission, returned from Colon today. "All we want is more labor and less rain," declared Mr. Shonts. "The labor problem is being solved. We are taking on Spanish laborers, and have advertised for Chinese laborers. We have our engineering work well under way, and the health conditions are good. The rainy season now is on."

Impure Milk in Madrid.

Madrid, Aug. 11.—A crusade against milk dealers has been inaugurated here, as it has been found many dealers are selling poisoned milk. A virtual epidemic of poisoning prevails in the city, and the cause has been traced to impure milk. One hundred and twenty-five poisonings were reported, in twenty-eight cases death having occurred. Several milkmen have been arrested and the crusade to discover the guilty men is being pursued vigorously.

Children to be Dismissed.

Harrisburg, Pa., Aug. 11.—Chief Factory Inspector Delaney today sent out to all deputy factory inspectors an order in which he says that "you will peremptorily dismiss all children under the age of fourteen years you find employed in industrial establishments, all engaged in night work contrary to law, and prosecute the persons employing such children."

Entertainment to Mr. Bryan.

Lugano, Switzerland, Aug. 11.—In an entertainment given by Italian nobility in honor of Mr. Bryan, the latter was compelled to make a few remarks. Though they did not understand him, they all declared that he had a wonderful voice.

Sultan Reported to be Dying.

Constantinople, Aug. 11.—A persistent rumor is current today that the Sultan, Abdul Hamid II. is dying. No official bulletins in regard to his condition have been issued.

New York Stock Market.

New York, Aug. 11.—A feature of the market in the first hour was the drive that was made at Reading. Southern Pacific, on the other hand, was bid up 2½ per cent. At the end of the first hour, covering of shorts and some supporting orders caused a moderate rally in which part of the early losses were recovered.

Demanded the Return of the Books.

New York, Aug. 11.—An echo of the raid made yesterday by the police on the four bucket shops operated by John A. Boardman & Co., was heard in the Centre street police court today, when Detective Sergeant McConville appeared to answer to the summons served last night on acting Police Commissioner Waldo demanding the return of the books of the company. Franklin Bien, attorney for the raided firm, made a formal demand for the books. Later he secured a continuance of the case until Monday. The cases of the four men arrested in the raid were continued last night until Thursday and they were released under $2,500 bail.

Deadly Baths Below Cemetery.

Scranton, Pa., August 11.—Seven South Scranton boys, from 14 to 18 years old, are down with typhoid fever, which Drs. Manley and Quinn believe was contracted while bathing in an old ice dam, at the foot of a hillside, on which is located an old burying ground. The boys are thought to have taken in more or less of water in ducking and splashing each other. The Bureau of Health has taken the matter in hand, and for the present there will be no more bathing in this pool.

Charges Denied.

Jersey City, N. J., Aug. 11—George L. Record today issued a statement containing about 6,000 words, in which he denies the graft charges preferred against him by John C. Payne, Secretary of the State Riparian Commission, of which Record was counsel, for several years. Record says the charges were trumped up by his political enemies to ruin his prospects as a candidate for United States Senator.

Runaway Bride Returns.

Mrs. Florence Poole, the young bride who disappeared from her home, in Washington, on the last day of July and went to Baltimore, surprised her husband and her relatives by walking into her home, on Grant Place, in Washington yesterday. Mr. Poole had gone out to continue his search for his wife, when she appeared. The runaway bride entered the house with tears streaming from her eyes, and with a plea for forgiveness, sank into a chair. After recovering from her outburst of grief she started to go up stairs, but before she reached her rooms she fainted. Her husband came in just about that time and was overjoyed to see his wife. When she had recovered from her fainting spell she wept again, but was reticent as to her reasons for leaving home, and as she clung around her husband's neck prayed for his forgiveness. Mrs. Poole had only 35 cents in her handbag, and said she had visited Baltimore and had spent several days with relatives. Then she went to New York, where she visited friends, and, becoming tired, she concluded to come home. When she first arrived at the house Mr. Poole was not at home, but he was sent for. When he came he affectionately took her in his arms and told her that all would be forgiven and forgotten.

Mr. Huntt Paralyzed.

On Friday morning of last week Mr. Geo. W. Huntt was found in a state of unconsciousness in his room at the hotel, having sustained a slight stroke of paralysis. He had just finished dressing, and was lying on the floor when found. Everything was done for him that medical skill and kindly interest could suggest, and by Tuesday morning his condition had improved to such an extent that his niece, Mrs. Bradt, was enabled to remove him to her home in Georgetown. This is his second attack of this nature, but is thought that he will recover.—[Fairfax Herald.

Alleged Horse Thieves.

The sheriff and several deputies of Fairfax county called on Capt. Boardman at police headquarters in Washington yesterday morning and requested the aid of the police authorities to clear up several cases of horse stealing in Fairfax county, in the vicinity of Alexandria, during the past few days. Three horses were stolen from the vicinity of Alexandria recently. A horse was stolen from A. E. Howdershell of Lincolnia; another horse, belonging to W. Wortb Smith was taken from the farm of James Rixey, near Alexandria, and a horse was stolen from Elihu Kitson at Annandale. A horse and buggy was also stolen from J. M. Jackson at Hall's Hill; a horse from Wm. Davis, and a buggy from Arthur Cleveland, living on the Leesburg pike. A valuable sorrel horse was stolen from Smoot's farm, Fairfax county. A wagon belonging to Mr. Robert Elliott, of Alexandria, was also stolen recently.

Most of the stolen property has been recovered in Washington and vicinity.

James Myers and William Thomas, both colored, have been arrested charged with the thefts or complicity in the same. The latter is believed to be the head of the band of thieves.

Thomas was arrested near Annandale, Thursday afternoon, by Deputy Sheriff Thomas O'Connor, of Fairfax county, and was lodged at the police headquarters in this city.

Late yesterday afternoon it was decided to arraign Thomas, and he was conveyed to Fairfax county by Sheriff Allison and Deputy Sheriff O'Connor When he confronted the magistrate, Thomas confessed to the theft of four horses during the last year, and that he had disposed of them in Washington. J M. Jackson, who lives near the Chain Bridge, identified Thomas as the man who, nearly a year ago, sold him a horse which, he subsequently learned, had been stolen from a man named Lyles in Alexandria county.

The committing magistrate was G. C. Stuart, of Fairfax county. Thomas has maintained a room at 814 Wolfe street, in this city, for several years. It is said that Thomas, when he confessed, implicated two men, whom he refused to name, as being his confederates in the stealing of the animals. He said that all the horses, wagons, and harness purloined had been disposed of in Washington, but so far he has refused to reveal through whose hands they passed. Thomas was sent on to the grand jury.

James Myers, colored, who had also been arrested on suspicion of being a party to the thefts, was dismissed.

Chief Goods and ex-chief Webster obtained the information from Thomas which led to the recovery of most of the stolen propety.

Thomas is still at the station house in this city where he is being held subject to the action of the Fairfax authorities.

Rev. Dr. Kirk.

The Baltimore Sun in speaking o Rev. Dr. Kirk, a native of this city, says: "The 21 years during which Rev. Dr. J. W. Kirk, pastor of Allnutt Methodist Protestant Church, Baltimore, has been in the ministry have been full of achievement. Possessed of a keen mind and a vigorous delivery, Dr. Kirk commands the interest of any gathering to which he speaks. He watches closely the lives people lead and has the discernment to note the pitfalls. One of his main aims is to study the conditions prevailing among his congregation and to speak directly. Brimming with enthusiasm for the bettering of the lives people are leading, he is a hard worker, and always hopeful of accomplishing what he sets out to do. From one charge to another he has gone, leaving new buildings or substantial improvements and increased rolls of attendance as monuments to his efforts. Rev. Dr. Kirk was born in Alexandria where he spent his childhood and youth until he entered Western Maryland College. In 1883 he got his degree of bachelor of arts, and two years later that of master of arts; at the same time, in 1885, the degree of doctor of divinity was conferred on him by Westminister Theological Seminary. His first charge was at Crisfield and wherever he has since been assigned his labors have borne abundant fruit."

The Son of Rest who it was said contemplated going to work has reconsidered.

Railroad Promotions.

Mr. E. C. Joyce, who for a number of years past has been the agent in this city of the Washington Southern Railway Company, has been promoted and appointed superintendent of transfer in the new Potomac yards, just north of this city. He will have a considerable force of men under him. Mr. Joyce has been connected with the Washington Southern Railway for the past third of a century, during which time he has devoted all his energies to the interest of the company, and in his doing so has endeavored to give satisfaction to all patrons of the road. His many friends and acquaintances will be glad to hear of his well-deserved promotion.

Announcement is also made of the appointment of Mr. J. E. Peverell as freight agent of the Washington Southern Railway, in this city. Mr. Peverell has for many years served as chief clerk-Mr. H. E Gentry, who for some years has been in charge of the local depot, has been selected as chief clerk. The many friends of these gentlemen will no doubt be glad to learn of their promotion, so well merited, and from their known character and ability the public may feel assured that the best of service will be given. These gentlemen will be assisted by a selected corps of aids especially to meet the needs of the company's patrons, and adding to this the new and well arranged freight station which has recently been opened, the public should feel that their needs are being subserved.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Lucy Piper, colored, arrested by Officer Nicholson charged with being drunk on the streets, was fined $5.

A young man, arrested by Officer Garvey charged with being drunk and using abusive language toward a woman, was fined $10.

Ellie Ewell, arrested by the same officer for drunken and disorderly conduct, forfeited $5 collateral by failing to appear.

Lillian Blair, arrested by Officer Henderson for drunken and disorderly conduct, forfeited $5 collateral by failing to appear.

Alice Fields, colored, arrested by Officer Nicholson for abusive language toward Mary Page, was fined $5.

Irene Bushrod, colored, arrested by Officers Henderson and Young for disorderly conduct and fighting, was fined $2.50.

Virginia Banks, colored, arrested by Officers Young and Henderson for disorderly conduct and fighting, was fined $2 50.

A colored man, arrested by Officer Nicholson for allowing his horses to go at large, was fined $2.

J. T. James, a special Southern Railway agent, came here to lay, having in charge Jim brim, colored, who is charged with a felonious assault upon a conductor in Halifax county last January. Brim was arrested in New York State.

Big Schooner.

Headed for this city and Washington are three of the largest four and five-masted schooner that have ever been up the Potomac. Two of them are laden with ice from Maine and the other with a cargo of fertilize from Florida. The largest of the vessels in question is the five-masted schooner Henry O. Barrett, which passed up the river yesterday morning with ice aboard. She is a vessel of 1,807 ton gross and 1,564 net tons register and leaded with a cargo of more than 2,200 tons at the Maine port. She is 244.7 feet long, 42 9 feet wide and has a depth of 24 feet. The five-masted schooner James Pierce, which is coming from Norfolk with a part of a cargo of prosphate rock to the Bryant Fertilizer Company, is another big vessel. The marine register gives her gross tonnage, as 1,664 and her net tonnage 1,520. She is a vessel 236 feet long, is 43 feet wide and is 20.3 feet deep in the hold. The schooner Thomas, which is bound to Washington with ice, is a new vessel and is reported to have about 1,800 tons of ice aboard.

Deaths of Colored People.

Anna Craig, widow of the late Richard Madella, one of the oldest and most respected colored residents of this city, died at her home, 716 Wolfe street, yesterday. She is survived by five children—Cornelius E. Madella, Anna Madella Cooper, Maggie M., John R. C. and Clarence H. Madella.

Austin T. Jasper, an old and respected colored resident of Fairfax county, died yesterday. He was born at Round Hill January 27, 1824. His funeral will take place from his home near Franconia tomorrow.

Mr. Moore in Europe.

The Hon. R. Walton Moore, who has been in London for some time past, in one of his letters home mentions the fact that he had been employed to represent one of the claims for damages growing out of the serious railway accident that recently occurred near Salisbury, England, in which a number of wealthy and prominent Americans were severely injured or killed. His employment in this case is quite a compliment to Mr. Moore, who has long been recognized as one of the ablest lawyers in Virginia. —[Fairfax Herald.

The Market.

There was an increased attendance of country people at market this morning, and the supply of produce was abundant, although prices were somewhat lower than those prevailing last Saturday. Good peaches and canteloupes were not plentiful, although there was an abundant offering of the less desirable varieties.

Luna Park.

Luna Park was visited again last night by a large crowd from Alexandria and Washington. The various amusement features were well patronized, old and young alike participating in them.

Frightfully Burned.

Chas. W. Moore, a machinist, of Ford City, Pa., had his hand frightfully burned in an electrical furnace. He applied Bucklen's Arnica Salve with the usual result: "a quick and perfect cure." Greatest healer on earth for Burns, Wounds, Sores, Eczema and Piles. 25c at E. S. Leadbeater and Sons, druggists.

Judge Norton and Messrs. L. H. Machen, J. Randall Caton and H. B. Caton have returned from Hot Springs where they attended the State Bar Association.

Capt. Albert Bryan and family have gone to Markham for a few weeks.

Mr. A. H. Agnew, who has been in North Carolina for the past week on business, returned to his home it this city this evening.

Mr. W. F. Finke, who for several years was the engineer in charge of this division of the Southern Railway, but who was recently promoted and made lumber and tie agent, with headquarters in Washington was today presented by the men who formerly served under him with a handsome Knight Templar chain and seal as a mark of esteem in which he was held by them.

A Tie-up Threatened.

A crisis is threatened in the building trade in Washington. For sometime past there has been trouble between the plumbers and their employes, which finally culminated in a lockout by the master plumbers of their men. On Thursday night the Bricklayers' Union No. 1, at a meeting attended by nearly every member of the union, unanimously resolved not to work on any job where a non union plumber was employed and imposed a penalty of $5 a day on every member of the union who violated this rule. The Bricklayers' Union has for sometime been endeavoring to persuade the master plumbers to agree to arbitration, but the latter have declined, stating that they have all the help they need, and there is nothing to arbitrate. The bricklayers have, accordingly, ordered a sympathetic strike on the ground that it is dangerous to permit any one class of employers to pursue the "open shop" policy, for the reason that if not checked in time this policy will eventually result in the complete disintegration of all trades union. It is said that unless the master plumbers yield very soon the journeyman painters and other building trades will follow the example of the bricklayers, and that a general tie-up of building operations will result.

Jones's Shows Monday.

Jones's shows will exhibit in this city on Monday. There will be a street parade in the morning. Two performances will be given—one in the afternoon and another at night. These shows are highly spoken of by the newspapers of different parts of the country where exhibitions have been given.

[COMMUNICATED.

A Query.

In reference to the fire company horses. Could not enough money to buy a pair horses be saved to the city by publicly announcing that horses are wanted here, rather than by sending delegations around the country to make selections? RED, WHITE AND BLUE

County Notes.

The Board of Supervisors at its meeting fixing the levy, last Saturday, increased the pay of the sheriff one hundred dollars, the clerk one hundred dollars and the commissioner of revenue one hundred dollars. They also fixed their own salary at the munificient figure of sixty dollars per year, the increase from thirty-six dollars being allowed by the last legislature. These amount are: Sheriff, $400; clerk, $400; commonwealth's attorney, $100; and commissioner of the revenue, $ 00.

The maximum rate of fifty cents for each district was made for road purposes. This is all the law permits. In Jefferson District, this will produce about $8,00 ; n Arlington District, about $8,000; and in Washington District, about $3,000.

The Washington, Arlington and Falls Church Electric road expects to complete the extension of its line over the new highway bridge and to enter Washington over the Washington, Alexandria and Mt. Vernon tracks, landing passengers at Twelfth and D streets by October 1.—[Monitor.

Desperado Sheriff's Son.

Frank Ball, a desperado, of Middleburg, Ky., who was followed over the line into Virginia by a Kentucky posse and captured after a desperate fight, in which one of Ball's men was killed, is now safely in jail at Louisville.

The Virginia authorities were appealed to, but the situation was further complicated by the fact that the sheriff of Lee county is the father of Ball.

Governor Beckham telegraphed Governor Swanson that Ball was surrounded in a house, defying arrest, and asking the co-operation of the Virginia authorities in his capture.

Governor Swanson telegraphed Sheriff Ball, of Lee county, but when he learned that the desperado was the sheriff's son he instructed Judge Haw Skeen, of Big Stone Gap, by wire, to appoint special officers to have Frank Ball arrested and held for requisition from Kentucky's Governor.

While these instructions were being given the Kentucky posse closed in on Ball and his gang and, after killing one, secured Ball.

This was done, as far as known, without the aid of Virginia officers, and raises some interesting questions as to the action of a posse from one State making a raid into another State after a fugitive. The capture was made at Rose Hill, in Lee county, two miles from the Kentucky border.

Luckiest Man in Arkansas.

"I'm the luckiest man in Arkansas," writes H. L Stanley, of Bruno, "since the restoration of my wife's health after five years of continuous coughing and bleeding from the lungs; and I owe my good fortune to the world's greatest medicine, Dr. King's New Discovery for Consumption, which I know from experience will cure consumption if taken in time. My wife improved with first bottle and twelve bottles completed the cure." Cures the worst coughs and colds or money refunded. At E. S. Leadbeater & Sons' druggists. 50c and $1.00. Trial bottle free.

Predicts a Strikeless Age.

President John Mitchell, of the United Mine Workers of America, yesterday at Knoxville addressed the joint convention of coal miners and operators of District 19, including mines of east Tennessee and southwestern Kentucky.

President Mitchell cautioned both sides to exercise conservatism and sound business judgment in their negotiations, and advised both to prepare to make concessions in behalf of peace throughout the district. He predicted the time when strikes and lockouts will be no more, but added: "We will not live to see it."

Following Mr. Mitchell's address, the conference took a recess pending the report of the joint wage scale committee, which is now working in an effort to frame a scale effective September 1. The miners want a restoration of the scale of 1903, which is an advance of 7½ per cent. over the present scale; an eight-hour day and an increase in the allotment for yardage porportionate to the increase sought in the wage scale. It is said the operators are willing to restore the scale of 1903, but decline to grant the yardage increase.

Prof. Tyler, of Amherst college, said recently: "A man can live comfortably without brains; no man ever existed without a digestive system. The dyspeptic has neither faith, hope or charity." Day by day people realize the importance of caring for their digestion; realize the need of the use of a little corrective after overeating. A corrective like Kodol For Dyspepsia. It digests what you eat. Sold by W. F. Creighton & Co., 401 Kingstreet.

Waterman's Ideal Fountain Pen

Stop Borrowing

If you had a Fountain Pen in your pocket you would not be obliged to borrow a poor, scratchy steel pen when you wish to write.

Waterman's Ideal Fountain Pen

is always ready and is indispensable to every business man.
